

Join the BuildSMART Trailer project!

Calling All Vendors, Manufacturers, and Volunteers!

The BuildSmart Trailer is a mobile learning resource demonstrating sustainable living and green building technologies. From 2024 to 2026, this trailer will engage over 5,000 people annually through local events, conferences, and community partnerships across California.

We invite vendors and manufacturers to:

- Showcase Innovations: Display your latest green building materials, products, and technologies.
- Connect with Customers: Engage directly with potential clients and generate leads.
- Boost Brand Awareness: Enhance your brand's visibility and reputation.

Apply to Showcase

We invite volunteers to:

- Educate and Inspire: Bring sustainability education to our community
- Gain Experience: Work with us by participating in several events and conferences.
- Join a Community: Be part of a team to raise awareness on energy efficiency and green building best practices.

Apply to Volunteer
